

## TO THE ATTENTION OF TRIBUCAN BOYS AND GIRLS

This year our objective is the reconstruction of a school in the city of Jacmel (Haiti), dramatically hit by the an earthquake on January 12th, 2010.

This project has been included in the program **Tú eliges, tú decides** of Caja Navarra (CAN) with the number **21223**. Caja Navarra allows its clients to opt for the social project they want to destine some of the benefits generated by their money. The NGO **Fundación Internacional Plan España** has proposed the current solidarity project for CAN clients to collaborate with this educational institution.

TribuCan boys and girls are going to help promote this initiative with the benefits generated by your supportive company. However, you must first get to know the singularities of the country and the main problems of the people where the project will be carried out. You also need to understand the relevance of undertaking projects and feel supportive, as well as think about your own professional interests. And all this will be done in a funny way, with the help of the information on the internet and information and communication technologies.

### COURSE CALENDAR AND ACTIVITIES
